Thanks Jim.

Keep up the good fight!

You make the same as a SSGT and no overtime or representation.! All for Queen and Glory!

B

Subject: Updated Info on Emergencies Act Authorities

Good day.

There is not much to update, but a few nuances to discuss:

1. CURRENT AUTHORITIES:

- a. The current actions related to enforcement should primarily (still) come from the Criminal Code offences.
- b. In extreme circumstances, we can use some extreme authorities.
- c. ****Style and Tone remains the same for operational tempo.**

2. COMPELLING SERVICES:

- a. If you are required to compel services, please discuss this with Silver for approval.
- b. We have little clarity as to what we would do with anyone after they are arrested for failing to provide services.

- c. At this point, we have most anything we need with respect to logistics in house, include heavy equipment etc.
- d. We should use this this with extreme discretion.
- e. **If any services are compelled, I will be required to report up the Fed Gov through Gold. I need to know. Again, this should not be required with any frequency, and authorized by Silver.

3. MUNICIPAL AGENCIES using authorities:

- a. Any municipal PDs that wish to use the Act to compel services are required to seek authorization FYI ONLY. Being communicated from Gold.

4. PEACE OFFICERS:

- a. We are seeking to bring in other agencies with current "peace officer" status to help with resourcing. Gold with clarify with respective ministries, but we will have access to them in their respective role.

More to come.

Thanks
Jim
